

THE CORNERSTONE FOUNDATION
Confidence in Direction

A MESSAGE FROM THE EXECUTIVE DIRECTOR

It is with a heart of appreciation and thanksgiving that we share with you these updates on The Cornerstone Foundation ministry. Thank you all so much for what you have done to continue to make the African Leadership-Initiatives, books for Africa, the Cornerstone Center, Counseling Ministry, printing publications and meeting other needs a reality for so many around the world.

Dr. and Mrs. Alan Cellamare continue to provide much needed teaching and encouragement, providing leadership teaching through seminars recently in Nigeria. Please pray for their safety and effectiveness. The new African Leadership-Initiatives is making great inroads into several countries that desperately need leadership training.

Tom James, our new Administrative Director is making a huge difference in focus and effectiveness. Tom's daily hand on the administrative till is a blessing.

We also have sent thousands of books to several different countries, one of which we cannot name publicly because it is a Muslim country. All of this will happen as you stand with us in prayer and faithful giving. Currently, we need many of you to send a gift to help with providing The African Study Bible to leaders in training, four pieces of literature that needs printing in bulk immediately and two

more shipments of books that need to be shipped to Africa. I know you will want to stand by us by sending a tax-deductible gift at this time.

Thank you for your continued prayers and support.

Grace, mercy and peace.

Edward Beaver, Executive Director

Books to Liberia

A few weeks ago, more than 1700 pounds of books landed at the port in Monrovia, Liberia. These books were headed to The Wesleyan College of Liberia. This college lost its library in a fire not so very long ago and needs thousands of books to replace those lost in order to become accredited by the government. Your continued support for Cornerstone will help us send another shipment of books this coming December. It takes about \$5000 from the time they are packed here and shipped over and then delivered to the college. Please consider a

generous gift to Cornerstone that will help us continue to send books. We also have sent books for The Gambia, a Muslim country, that they requested we send for the main university in that nation. Also, this fall we have sent out boxes of books to ACTS in Nigeria as well. As long as God continues to supply the books and the funds, we will continue this much needed ministry of Cornerstone.

Fall Board Meeting

" We exist to enable and mobilize the body of Christ in strength for credible Christian leadership, Grace Restoration, orthodoxy in education, and in conferencing Accountabilities, having an eternal commitment to developing and reflecting the character of Christ"

Please be in prayer for the Cornerstone Foundation Board as they meet on November 8th and 9th, 2019. Pray specifically that God will give wisdom and clarity as decisions are made regarding the future plans and ministry.

African Leadership Update

Alan and Paula recently returned from a visit to Lagos where they represented the Cornerstone Foundation and the work of African Leadership – Initiatives. They were able to join our dear friend, Dr. William Udotong, the VP for Academics at African Christian Theological Seminary (ACTS) where Alan spent the week teaching a class on Christian Ethics and Social Responsibility. It is always a challenge to try to communicate cross-culturally but God was gracious. An exciting development was the conversation with Dr. Udotong, who has agreed to be the Cornerstone representative (boots on the ground) in West Africa to assist us with our work. His help has already been a great benefit.

During the week, Paula was again able to spend some time with Amina and the children. She was pleased to see that Amina had been busy adding fresh paint to classrooms (Paula described them as Clemson colors), fans are up, one or two whiteboards, as well as new furniture for classrooms. Amina indicated she has an increase to 81 students, and more would be coming. Amina truly enjoys her times with Paula. She wrote in her recent newsletter, "The best part for me is the time we spend in fellowship; sharing and praying together. She has been a dependable friend right from our first meeting in the seminary. She is a true definition of "an Angel without wings". We bless God for her life and for all who have supported us without meeting us. "

It was a wonderful trip and the Lord blessed us and we thank all of you for your prayers.
